

The Municipality of Anchorage Project Management & Engineering Department (MOA PM&E) is planning to upgrade E. 74th Avenue, Nancy Street, Petersburg Street, and E. 75th Avenue. Improvements will include:

- New road foundation
- New asphalt pavement
- New curb & gutter
- New storm drain system
- New street lighting
- New pedestrian facilities (Petersburg Street only)

---

The project is funded through the design phase. No funding for construction has been received at this time.

## Project Update

- The Design Study Memorandum (DSM) has been completed, and can be viewed on the project website.
- The project will be constructed in two phases. See the project map on the reverse side of this postcard for the phasing areas.
- Design was recently started, and the preliminary phase 1 design is expected to be completed by April 2026.
- Pedestrian facilities will only be installed along Petersburg Street. No pedestrian facilities will be installed along E. 74th Ave., Nancy Street, or E. 75th Ave.
